

Web Development 5 – Intro to PHP

Instructor: Daniel Seripap

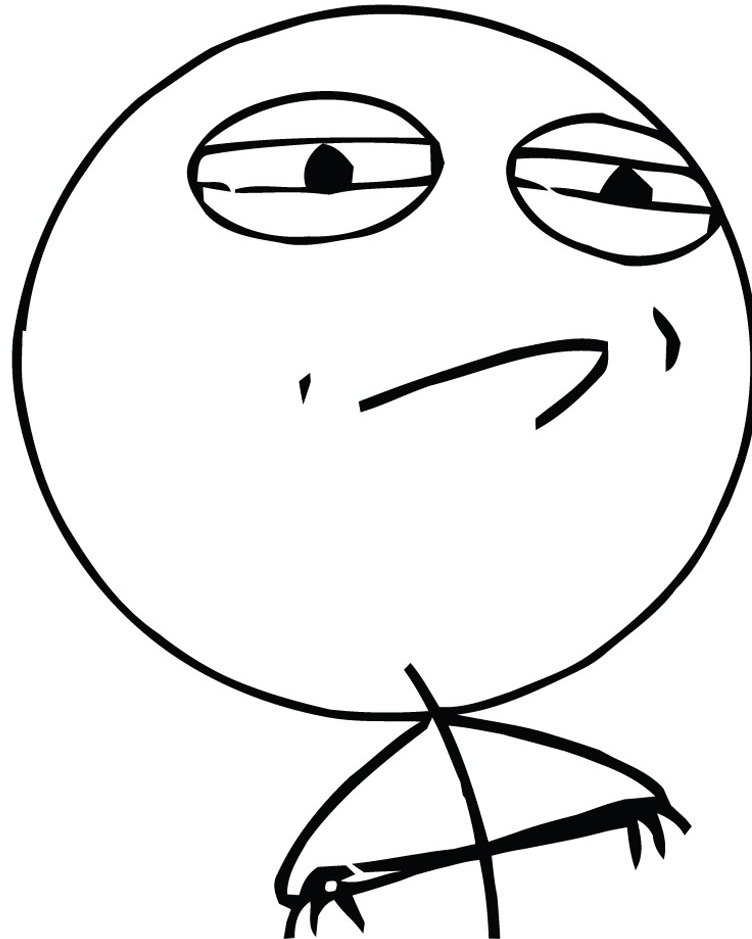

Daniel.seripap@creativecircus.edu

Introduce ya selves

Lets get started

CHALLENGE ACCEPTED

Grading

- 100 – 91: A
 - 90 – 81 : B
 - 80 – 71 : C
 - 70 – 61 : D
 - > 60 : F
-
- Tests/Quarter project is 60 points, 60% of the class.
 - Just do your work, you should be OK.

Late Policy

- Homework is due 6:30 PM EST the week after it is assigned
 - If it was assigned Mon the 7th, it is due Mon the 14th at 6:30 PM
- Attendance: Just come to class. Week of Thanksgiving is off 😊

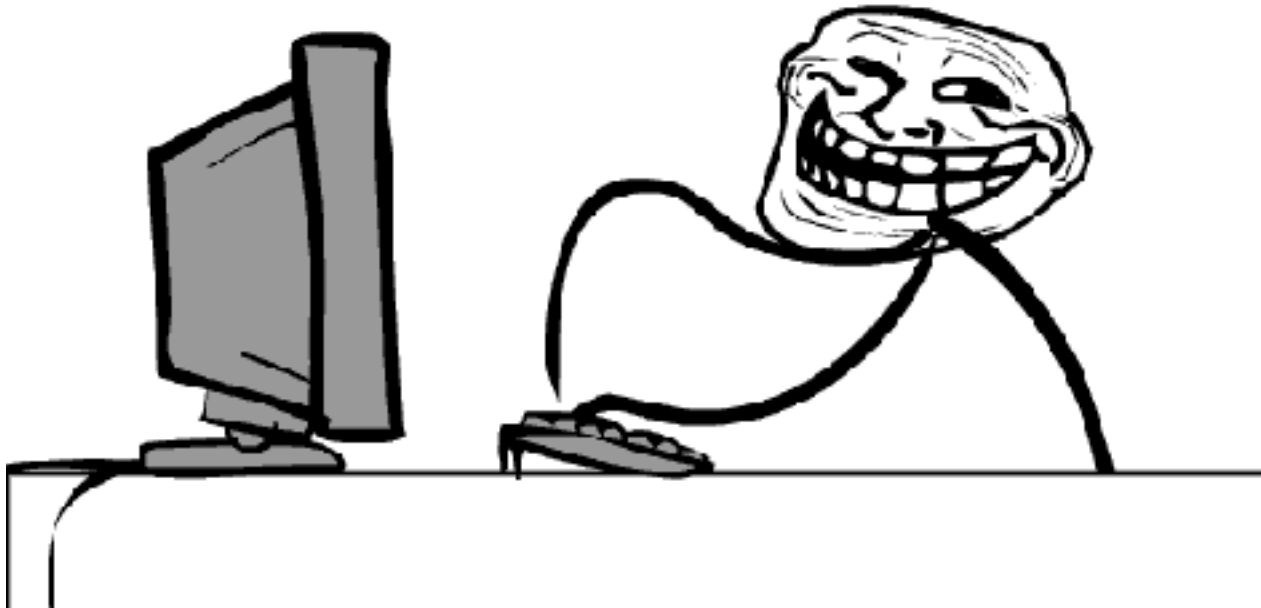

GitHub

- www.github.com
- Badass git manager
- Git is version control
- Upgrade from SVN
- Pretty bad ass
- You will submit your homework via git
- Example will follow...
- <https://github.com/CreativeCircus/PHP>

Hosting/Domain

- You need a hosting account and outfacing domain name to pass this class.
- You can dedicate a subdirectory if you already have a server
- If not, register your domain from hover.com
- And register your hosting from littlenimbus.com

Last chance to back out 😊

Agenda
